**PAMET LU NAMED *MOST OUTSTANDING CHAPTER*
IN REGION 1**

Amianan Tribune, July 31 – Aug. 6, 2010

SAN FERNANDO, LA UNION --- Among all chapters represented in Region 1, PAMET La Union Chapter became recognized as the *Most Outstanding Chapter* by the Philippine Association of Medical Technologists.

The PAMET LU Chapter, under the leadership of Ms Lilian Silvino, made extensive efforts in conducting scientific convocations, trainings and seminars for the purpose of continuously educating Medical Technology professionals, for their enthusiasm in carrying out extension and outreach programs, information education campaigns, advocacies and for their tireless and dynamic participation in all PAMET programs.

*PAMET LU Chapter President,
Ms. Lilian S. Silvino*

Ms. Lilian S. Silvino, Lorma's Chief Medical Technologist, was the President of Philippine Association of Medical Technologists (PAMET) from 1992 to 1999. Prior to this, she was the Vice President of PAMET from 1989 to 1992 and was one of those who founded the organization. During her 7-year term as President, her efforts were focused more on motivating her colleagues to be more collaborative, united and supportive to the organization. Thus, it was during this period that the Chapter was most active. In 2006, Ms. Silvino was once again re-elected as the PAMET President and revived the LU Chapter.

All these efforts will qualify the LU Chapter to compete at the national level in December 2010. Ms. Silvino keeps her fingers crossed and thinks that getting the national award will, indeed, be one of her greatest achievements for the Chapter.
